

Ink Filling Procedure for AT CISS

The preface: Please prepare Refill tools and ink before refilling.

Step 1: Open the ink filling hole on ink tank and fill ink into it with refill tool as picture 1&2 shown.

(1)

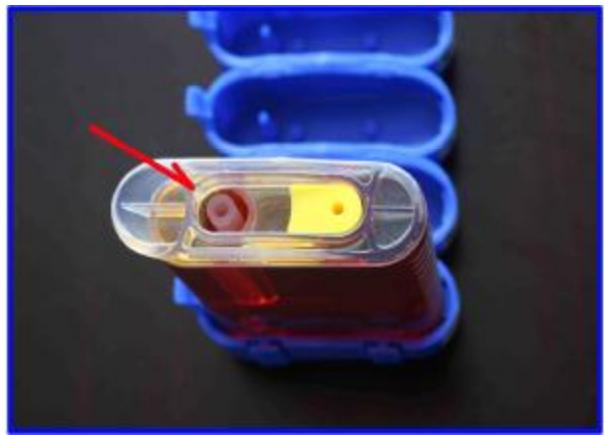

(2)

Step 2: Insert ink tank into the bottom plastic holder as picture 3 shown; then open the air hole as the picture 4 shown.

(3)

(4)

Step 3: Put the bottom of inner cartridge upwards as picture 5 shown.

(5)

Step 4: Insert the refill tool into the hole of inner cartridge as picture 6 shown; then draw out the handle of the refill tool as pictures 7.

(6)

(7)

Step 5: Please stop drawing the handle when there is ink in the refill tools as picture 8.

(8)

Attention: Do not let the handle go when you pull out the refill tool from the inner cartridge; or otherwise, ink and air will flow back into inner cartridge again.
